

## A BUSINESS MAN OF MINNEAPOLIS

Minneapolis is a city where they do things. Stimulated by a vigorous climate, surrounded by a fertile country, peopled by the best blood of the over crowded east, it is a city of hustlers, of great achievements conceived and wrought out.

Mr. Taylor, of Minneapolis, Minn., is one of this sort of men. A newspaper man. A political worker. An Englishman by birth. He has been in this country nineteen years. He has resided in the northwest, Winnipeg, Fargo, and for the last ten years in Minneapolis.

Mr. Taylor is a friend of Peruna and does not conceal his friendship. He is thoroughly enthused with the belief that Peruna is a great remedy. He has a right to feel so. For several years he suffered with dyspepsia. This caused him to have very bad health.

Newspaper advertisements would never have influenced him to take Peruna. It was friends that persuaded him to try the remedy. He has a week he needed no more persuasion. He saw that Peruna was doing him good. He is able to say in a letter to the Peruna Company:

MR. E. M. TAYLOR,

No. 250 Nicollet St., Minneapolis, Minn., pany, Columbus, Ohio:

"To-day I am in excellent health. Never felt better in my life. I am glad of this opportunity to say something to all men or women who suffer from dyspepsia and stomach trouble. I consider Peruna a great remedy. It is a godsend."

A new book of interest to all, sick or well, sent free by the Peruna Company.

## News and Gossip of the New Mexico Range

It seems like old times to hear of Captain Pankey at Lamy Junction, N. M., receiving eighteen carloads of Hereford bulls for his \$9,000-acre ranch along the Galisteo. These 350 bulls came from Kansas City, which is a pretty good lot of he-stock to get in and turn loose at one time. Early in May Senator Pankey will ship five cars of steers to his feeding pastures in Kansas and this will be the largest lot to come out of New Mexico this year.—Denver Field and Farm.

J. B. Hess left for Rocky Ford Monday afternoon, where he will attend an auction sale of high-grade dairy stock. Mr. Hess says that unless the price is entirely out of reach he will bring back the best of the herd to grace his farm. Some time since Mr. Hess bought some choice dairy cows from the southern part of the state. Most of these he has disposed of to his neighbors. Hence the trip to restock his farm.—Maxwell Mail.

R. Hardy at Portales has just closed a deal whereby he becomes proprietor of thirty head of registered Jersey cows purchased from the proprietors of the Taft Jersey farm, the largest ranch of the kind in the United States. After reaching Portales about the 15th of this month, Mr. Hardy owns a splendid shallow water farm four miles south of Portales, a part of which he will put under irrigation and plant alfalfa. Also he will put in a 200-ton silo. Mr. Hardy contemplates going into the creamery business.

The latest rain of the season and one of the heaviest in recent years began falling last evening, continuing practically all night, and is still falling today. The rain is general all over this section of the country and farmers are jubilant, as it practically insures them a bumper crop.—Chavez News.

C. C. Palmer, living seven miles west of Lake Arthur on the Cottonwood, sold thirty-one head of hogs recently to J. P. Donald, who is living on the old Bulk farm. He received

## TWO NERVOUS WOMEN

Made Well By Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I had a severe case of nervous prostration, with palpitation of the heart, constipation, headaches, dizziness, noise in my ears, timid, nervous, restless feelings and sleeplessness. I read in the paper where a young woman had been cured of the same troubles by taking Lydia E. Pinkham's Vegetable Compound so I threw away the medicine the doctor left me and began taking the Compound. Before I had taken half a bottle I was able to sit up and in a short time I was able to do all my work. My medicine has proved itself able to do all you say it will and I have recommended it in every household I have visited."—Mrs. MARY JOHNSON, 210 Singel Street, Philadelphia, Pa.

Another Bad Case. Ephrata, Pa.—"About a year ago I was pale and weak and would have hysterical spells, sick headaches and a bad pain under my shoulder-blade. I was under the care of different doctors but did not improve. I was so weak I could hardly stand long enough to do my dishes."

"Lydia E. Pinkham's Vegetable Compound has made me well and happy and I have begun to gain in weight and my face looks healthy now."—Mrs. J. W. HORTON, R. No. 3, Ephrata, Pa.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

\$25 for them and declares there is nothing like the hog and dairy business for making money in the Pecos valley. He is getting twenty gallons of milk per day from his cows and is buying up more hogs to drink the skim milk.

H. P. Larn, who has been feeding 2100 sheep on the Four Mile near Artesia for several weeks, loaded them out last week for Morris, Kan., where they will be rested for a short time, after which they will be shipped to the Kansas City market.

The Hale Cattle company has filed incorporation papers in the office of the state corporation commission. The company's office is at Artesia, with L. R. Sperry agent. The company is capitalized at \$5,000, divided into 5,000 shares at \$1, and begins with \$2,000. The stockholders are: L. R. Sperry, Samuel Hale and P. J. Lukins, 1,000 shares each.

Sheriff Poralla returned from a hurried trip to Magdalena and other New Mexico points last Friday, says the St. Johns (Ariz.) Herald, bringing with him Ambrosio Espinosa and Juan Gomez, two local boys who disappeared on the night of the 17th. At the same time the boys departed a horse belonging to Felicitio Porala, as well as a saddle which was the property of Antonio Montana. One of the boys was captured at Magdalena and the other near Socorro, at a little town called Miletta. One of the horses was found but the other was sold. The boys have always had the reputation of being honest, hard working and maintain that had they not been drunk the "accident" would not have occurred. They waived examination and were released under \$500 bail each.

The Concho Cattle Growers' association held a very good and an enthusiastic meeting at the court house in Flagstaff on April 1st. The meeting was largely attended by representative stockmen over the county and it is pleasing to note the growing enthusiasm for corporation and association team play. After the regular routine of business, during which the treasurer's report showed a net balance to the credit of the association of approximately \$1,500, E. H. Crabbe, president of the association, made a short address explaining the action taken by Arizona cattlemen at the hearing before the public lands committee in Washington last month, setting forth the details of a grazing bill that could be endorsed both by cattlemen and wool growers.

Col. W. S. Hopewell came in on yesterday's coach. He left this morning for his Animas ranch, taking with him a man to succeed Frank Bonware as manager of the ranch. Bonware having recently resigned. The colonel, who is accompanied by Mr. Barney, a cattle buyer from Wyoming, will go to Hermosa to take a look at his cattle grazing on a thousand hills.—Hillsboro Free Press.

The first shipment of cattle to arrive here this year from Arizona was brought in today by John Marley, widely known among Colorado ranchmen, says the Kansas City Drivers' Telegram. His consignment consisted of five carloads of steers and four carloads of bulls.

W. H. Land, vice president of the First National bank of Fort Sumner, received a car containing seven registered Durham, Hereford and Black Polled bulls. The stock was bought near Geary, Okla., and is an exceptionally fine looking lot. Mr. Land has disposed of the majority of the animals to local stockmen at a very moderate price, as it is his endeavor to build up the grade of stock now in that section.

J. O. Wetborn has returned to Fort Sumner from Geary, Okla., with a car of as good bulls as could be bought in that locality, noted for fine stock. He has made the following sales: Jim Brown, two Durhams; Edgar Lovelace, one Durham and one Polled Angus; Harry Mickinson, three Herefords; John Echeverry, two Herefords; Sam Shuerten, one Durham. He has several more as good animals as were ever offered on this market.

The Lyons & Campbell Cattle company is fencing in the land it owns

on the Olla river in the Redrock precinct. In doing this it is fencing in roads that have been used for years. Complaint has been made to County Surveyor Cox, who will go out and make an investigation, and if he finds this is so will order the fences torn down where they obstruct the public road.—Lordsburg Liberal.

There was a fine rain Saturday night that means many thousands of dollars to the cattlemen of this section.—Lordsburg Liberal.

## BUYER PREDICTS LOWER PRICES WILL RULE

Kansas City Man Tells Pecos Valley Growers the Tariff is Going to Effect Living Cost.

Howell, N. M., April 6.—Good news!

The price of beef and mutton is likely to take a drop, thanks to the administration.

This comes from a man who is wise to the cattle and sheep business. He is getting twenty gallons of milk per day from his cows and is buying up more hogs to drink the skim milk.

Mr. Baker today received and shipped 450 yearling steers and heifers bought from McCoy brothers. They will go to the Chancey Dewey ranch at Manhattan, Kansas.

Talking about market conditions, Mr. Baker said:

"Nearly all sheep and cattle feeders lose money this year on account of the high price of feed, low markets and bad weather."

"The prospects are that sheep and cattle markets are going to continue to be low. This on account of the being of beef and mutton. From the Argentine Republic and Australia."

"It is a generally conceded fact that the packers control the sheep and cattle of Argentine Republic and Australia, and since the new tariff law is operative they are bringing in just enough to force the price down in this country."

"It will mean that the cattle men are going to take less for their stock."

"How about the sheep men?" he was asked.

"Oh, they will not lose. Sheep will be cheaper, but they will make up on the better price they are to receive for their wool. I look for the sheep men to get a raise of five cents on their clips. Wool is now on a world basis, yet the demand is greater and the supply shorter."

## BRANDING CATTLE IN SAN MIGUEL COUNTY

Monday's Las Vegas (Ariz.) says: Yesterday morning and afternoon the place formerly known as the Forney ranch, a big spring cattle branding took place, when several local cattlemen gathered to affix the marks of the cattle owners. This ranch is now the property of Lorenzo Delgado, C. M. Jones and C. W. Russell.

Forty-one head of cattle were branded yesterday and several Las Vegas witnesses the work. This part of ranch life is interesting, although seemingly cruel. C. W. Russell, one of the clearest bronco riders and ropers in Las Vegas handled the roping yesterday, while G. M. Jones worked with the vaccination needle. The other men did the branding, while the usual fire-keeper was on the job.

Branding will begin at all of the ranches in the vicinity of this city and over the state during the next few weeks and will continue at intervals during the summer. Many local automobilists are planning to attend these scenes to learn that part of ranch life which is generally a mystery to the larger part of the population.

## STOCKGROWERS OF COLORADO MEET TOMORROW IN DENVER

The annual convention of the Colorado Stockgrowers' association has been called to meet at the Albany hotel in Denver, April 9, 10 and 11. One of the principal matters that are to come up at the convention is the bill now being pushed in congress to put the remaining public lands upon a leasing basis. Colorado stockmen have fought this proposition for many years, and it looks like they will have to get busy again to get the bill out of the house committee with a favorable report.

At the time of the stockmen's convention the governors of all the western states will be in Denver in conference with Secretary Lane of the department of the interior.

J. O. Nabours was in town Monday on business. He sold several hundred cattle in the Willow Hills country south of town and reports that the grass crop conditions in that section and at the home ranch are fine, and that fruit is looking very good.—Carrizozo News.

Albuquerque, N. M., April 6, 1914. To the stockholders of the Elks' Lease Holding Company:

Notice is hereby given that the annual meeting of the Elks' Lease Holding Company will be held on Thursday, April 16, 1914, at 7:30 p. m., in the Elks' Club Rooms, corner Fifth street and Gold avenue, Albuquerque, New Mexico, for the purpose of electing five directors. A full financial statement will be presented and the affairs of the company will be discussed. A full attendance is desired.

By order of the Board of Directors. P. F. McCANNA, Secretary.

## EYES OF THE WOOL MARKET GLUED TO FUTURE

Lively Speculation in the Boston Market as to What Next Few Weeks will Bring Forth in the West

## MARKET SITUATION ADMITTEDLY STRONG

The Boston Commercial Bulletin says of the wool market: Lack of supplies in certain wool and unavailability on the part of the manufacturer to pay the prices asked for certain others has had the very natural tendency of restricting business to less than the normal volume. However, prices have shown no signs of falling, nor yet have there been any real advances over last week's rates.

Desirable lots of fine wool, whether of foreign or domestic origin are not in any considerable supply in the market at the moment. Domestic fine wools in particular are hardly to be had at all, and selections of lately arrived Australian fine fleeces that are now available for sale are surprisingly limited.

Looking Forward. The eyes of the trade are glued straight ahead at the moment, and the great question is, "What will the future show?" Naturally enough those houses which have made large contracts in the west refuse to see anything but a rose-hued future ahead, while houses with little wool on hand are bound to view the future with more or less disfavor. It would seem, however, as if the prices being paid in the country for the new clip at the moment are fully as high as the situation warrants and there are those who think that the prices being paid in the territory section today are high enough to warrant a sharp competition of yarns from abroad with the advent of the new cloth season.

At the present moment there is no gainsaying the strength of the market, although admittedly the present situation is somewhat fictitious, owing to the scarcity of supplies. Manufacturers are not well supplied as a general rule, with raw materials, and should substantial duplicate orders come forward on the high basis at which goods have been placed since the openings, it would undoubtedly keep prices firm and possibly a bit higher, but everyone is agreed that there is no possibility of a runaway market for wool and that operations from now on can not be too cautiously conducted.

Contracting. The new clip in the west has progressed rather internally, but some further clips have been purchased on the sheep's back in Montana and Wyoming. In the latter state operations appear to have been fairly general around Rock Springs, Rawlins and Casper, for which wool 22 1/2 to 25 cents clean landed is the basis figures.

Montana 19 cents has been paid for two or three of the best clips of medium and half-blood wool which is estimated as equivalent to about 22 1/2 to 25 cents landed in Boston. Many of the average clips have been purchased at 18 cents. Many Montana dealers are asking 20 cents still and hope to get it.

In Idaho and the Triangle around 18 cents is being paid for the average run of clips and occasionally 14 to 16 cent note is reported. Little wool is left unsold in Utah and Nevada. Already a little wool has been shorn in the latter state and some of it is en route to Boston. One or two mills are purchasing the early shorn valley wools in Oregon and Washington at clean landed costs of about 22 cents for the bulk of the wool, although some of it is estimated at 25 cents.

In the fleece and bright wool sections little has yet been done except for the purchase of fat sheep's wools at around 18 and 20 cents, being done in the early shorn barn sheep in New York and Michigan. Some small amount of business is the former bringing for small lots 17 1/2 to 18 cents, while 19 1/2 to 20 is understood to have been paid in the latter state.

The purchase of contracts by the mills and topmakers in the local market during the week appears to have been very limited. If, indeed, any business has been done.

At the Mills. New business with the manufacturers and spinners appears to be coming along but slowly. Manufacturers are generally well employed on old mill orders, but at the recent advances in prices, duplicate business seems to come forward very slowly. However, the position of raw material is undoubtedly unassailable, and manufacturers will no doubt be obliged to maintain prices and will doubtless get them, also.

PROSPECTS AND PRICES. Operators at the moment find no difficulty in getting current quotations, and prospects for the immediate future are for a continuance of present prices.

Ohio Fleeces. Odds and ends in Ohio fleeces have sold during the week and some 25-600 pounds possibly of quarter-blood is reported to have changed hands at 24 1/2 cents.

Michigan. Except for the sale of a little fat sheep's wool at around 21 1/2 to 22 1/2, we hear of little or no business this week.

Missouri. Offerings of Missouri and other bright wools in the market are an unknown quantity, apparently, and no business of moment is reported.

Pulled Wools. No business of moment is reported in the local market for greasy or pulled wools this week. Some eastern fleeces and as are offered on the clean estimated basis of 44 and 52 1/2 to 54 cents, respectively, but no sales

are reported. Only a very little business is reported on western scoured wools, on which prices are firmly maintained.

Territory. Sales of territory wool have been made in fair quantities, considering the amount of wool here. Two or three fair-sized sales, of scoured original clips are reported. One lot of such wool is reported at a clean cost of about 31 1/2 to 32 cents for some 60,000 pounds or more, and another lot of about 300,000 pounds of original Nevada wool is reported at an estimated clean cost of about 52 cents.

New Arizona wools sell about as fast as they arrive on the market, and some of them are disposed of in transit at around 22 1/2 to 23 cents, or a clean cost of about 55 1/2 to 55 cents.

Texas and California. No sales of Texas or California wools are reported in the grease this week and prices are merely nominal.

Scoured Wool. Sales of scoured wool have been of moderate proportions. Desirable fine wools are extremely scarce in the market and many brokers declare that they never knew the market to be so thoroughly bare of fine scoured wool, or indeed of scoured wools of any kind. Very fine wools are in a very strong demand and one lot of choice double A eastern scoured wool this week brought 57 1/2 cents. Good fine No. 1 New Mexican wools easily command 51 1/2 to 52 cents and ordinary wool can be sold at 48 cents. Best H super are sold at 43 1/2 to 44 cents and good average wools bring 41 1/2 to 42 cents quickly enough.

## CATTLE BROUGHT RECORD PRICE IN SALE AT DEMING LAST WEEK.

Deming, N. M., April 6.—A cattle deal recently negotiated, which involved the transfer of 2,000 head, is reported by H. H. Kelly of the Deming National bank, with the information that they bought several dollars for a head than was ever paid before; just how much, however, he was not at liberty to say. The stock will be shipped north for feeders some time in May. Hyatt Brothers, J. P. Nunn, Ed. Latham, James Kerr, J. C. Barksdale, T. H. Templeton and other cattlemen were interested in the deal.

Cattlemen report the stock and ranges of Grant and Luna counties in better condition this year than for several years past. It would not seem that the tariff had effected the border counties as to the price of beef on the hoof. Certainly, with the increasing cost of range stock, the price of meat to the consumer will hold another little aviation meet with the prospect of breaking the altitude record.

## 110 HEAD OF CATTLE SEIZED AT COLUMBUS

A seizure of 110 head of Mexican cattle was made at Columbus last week and a Mexican vaquero was arrested by the customs inspectors stationed there. It is charged that the cattle were illegally imported.

## Beware of Ointments that Contain Mercury

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

## MAN SOUGHT FOR ABANDONMENT IS CAUGHT IN GRANTS

Search for an alleged wife deserter lasting two months ended in Grants today, when Maximo Sanchez was arrested at that place at the instance of the sheriff's office of this county. Undersheriff Dick Lewis was notified of the arrest.

Sanchez will be arraigned in the justice court of Precinct No. 1 tomorrow. His wife has called formal complaint of abandonment against him.

## STOMACH TROUBLES

Mr. Ragland Writes Interesting Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Theodor's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used."

After taking Black-Draught for a few days, I always feel like a new man. Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion.

To get quick and permanent relief from these ailments, you should take a medicine of known curative merit. Its 75 years of splendid success, in the treatment of just such troubles, proves the real merit of Theodor's Black-Draught. Safe, pleasant, gentle in action, and without bad after-effects, it is sure to benefit both young and old. For sale everywhere. Price 25c. N. C. 12

## HOW TO OVERCOME A BAD CONSTIPATION

There is a Mild Laxative That Will Bring Soft and Pleasant Relief Over Night.

It is only natural that the simplest of ailments should be the most general, and so we have a whole nation suffering from constipation and indigestion, for they are closely allied. But common as constipation is, many people do not seem to know they have it. They will complain of headache, drowsiness or biliousness, all unconscious of the cause of the trouble.

You should have a full and free movement at least once a day. If you once a day get constipated, and the result will be that you will catch a cold easily or have a more serious ailment. To cure the constipation and forestall all graver troubles by morning relief will come, without disturbance from sleep or any inconvenience.

Legions of people use it regularly in such emergencies, some of them formerly chronic invalids who had suffered from constipation all their lives. Mrs. N. Prantz, 67 Eighth St., Salem, Ohio, took physics for years, and, worst of all, without much avail. Finally she began to take Dr. Caldwell's Syrup Pepsin and today she is no longer troubled and eats what she likes. Many others will tell you that they have tried most things recommended for this purpose, but have found Syrup Pepsin the only one always reliable. A bottle can be obtained at any drug store for fifty

MRS. N. PRANTZ

cents or one dollar, the latter also being bought by families abroad. Syrup Pepsin is mild, pleasant-tasting and non-griping. Mothers give it to tiny infants, and yet it is effective in grownups. It is for everyone who suffers from any form of stomach, liver or bowel trouble, constipation, dyspepsia, biliousness, etc. Its action will so delight you that you will forever avoid harsh cathartics, purgatives, pills and salts. Families wishing to try a free sample bottle can obtain it simply by addressing Dr. W. H. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

## Special Services in Albuquerque Churches For Holy Week.

MISSIONARY SOCIETY OBSERVES WEEK OF PRAYER

The Missionary society of the Christian church will observe Easter week of prayer with services at 3:00 o'clock for the next four days at the following homes: Tuesday—Mrs. Winfrey, 606 West Silver avenue. Wednesday—Mrs. Lindsay, 612 South Arno street. Thursday—Mrs. Swayne, 1406 North Fifth street. Friday—Mrs. Strumquist, 807 Grand avenue.

## First Methodist Church.

In spite of various political gatherings last evening, the attendance upon the first week-night prayer of a series of passion week services, which are being held in the First Methodist Episcopal church, corner Lead avenue and South Third street, was excellent. There will be services each night this week at 7:45, with preaching by the pastor. The sermons carry the hearers in thought to the land of Palestine, and the last week of the early life of Jesus. The subjects of discourses are: Tuesday—"The Powers in Conflict." Solo by R. S. Rynn. Wednesday—"The Character and Career of Judas." Solo, "From the Garden of the Cross." Mrs. J. D. Hall. Thursday—"Gethsemane." Solo, Miss Ruth Bright. This is the night the Lord instituted the sacrament of the Lord's supper, so we will partake of the holy communion this night.

Friday—"Cavalry." Miss Charlotte Pratt will sing, "Cavalry."

Take Hall's Family Pills for constipation.

## SERVICE AND SOLIDITY

## The Banking Requisites

THE satisfactory bank—the only bank which can be of real benefit to the business public—is that which, while assuring absolute security, is prepared to give expert and courteous service not only to depositors but to the public generally.

The success of the STATE NATIONAL BANK has been built upon this winning combination of Service and Solidity.

Your account is solicited.

## State National Bank OF ALBUQUERQUE, N. M.
